EVANGELIST
JEREMIAH BOLICH

Jeremiah Bolich has three driving passions in ministry; the Message, the Bible and the Church. The Message of the Gospel is Jesus Christ; He is the good news to a lost and dying world. Every sermon preached and lesson taught has at its core the person of Jesus Christ. The Bible is the standard of that message; it reveals and speaks as the primary vehicle of the message. The Bible is the written Word that extends from the Living Word; therefore to get into Jesus, we get into His Word. The Church is the body of Christ and the visible image of an invisible Jesus to our world. As Jesus was, we are to be. The life He lived, we are to live. What was taking place in Him is to take place in us. We are His body called the Church and our life is to be found building up and being sent forth from it.
